

21ST ANNUAL INTERNATIONAL CONFERENCE ON TCVM

AUGUST 30 TO
SEPTEMBER 2, 2019

The 2019 Annual International Conference on TCVM will take place in the beautiful and historic city of Shanghai, China on August 30 to September 2, 2019. The conference theme will center around TCVM for Dermatological and Immune-mediated Diseases in Dogs, Cats and Horses. Past conferences have been hosted in China, Spain, Canada and the USA. This International TCVM Conference is hosted by the Chi Institute and co-sponsored by the World Association of TCVM. The Annual TCVM Conference has been conducted every year since 1999. It provides a great opportunity for veterinarians to learn from the top TCVM experts, meet TCVM practitioners from all over the world, and enjoy hands-on experience in TCVM. Additionally, TCVM practitioners and research scientists from around the world are invited to speak about their clinical experiences and research findings.
